

Pioneer Athletics | Brite Striper® 2000 COMPRESSED AIR,
LOW PRESSURE STRIPER

Self-Propelled, Hydraulic-Driven Bliss.

With the 2000 you get self-propelled forward and reverse without slippage or pushing.

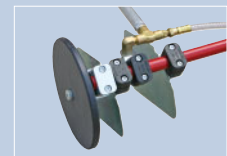

- 4HP Honda Engine
- 12-gallon stainless steel tank with 5 year warranty against "rust-out"
- Belt and chain-free performance
- 4-position handle; 12' hand hose
- Self-propelled with forward and reverse so there is no slippage or pushing on grass fields
- Hydraulically driven
- Bottom outlet valve on paint tank makes for easy clean-up
- Heavy-duty piston compressor offers the most durability, providing years of trouble free service

Related Products:

The Power Clean System

- Works with a standard garden hose
- Works with city water pressure
- Easy shut-off valve at the unit

Floating Spray Box

- Spray box moves up and down with the ground to keep your yard lines and sidelines even more crisp.
- Easy to use. Simple lever lifts and locks spray box when not striping

Brite Stripe Ultra-Friendly
