

P-REX™ Mini

- Innovation that makes removing painted lines on synthetic turf a one-person job
- Saves man-hours by facilitating all three steps of the GameLine® removal process: applies remover solution, agitates, rinses with water
- Great for multi-sport fields – helps eliminate athlete confusion by removing out of season game lines!
- Built on a robust, zero-turn vehicle platform and features two (2) 35-gallon rinse water holding tanks
- GameLine® Blitz remover solution is stored in original 5-gallon containers and applied precisely to the painted line
- One (1) quick-release, 12" brush heads effectively agitates painted lines
- Rear wheels have spray nozzles to minimize tracking

Pioneer®
ATHLETICS

ingredients matter.®

Vehicle:
