

Game Day Turf Colorant

- Used to restore the natural green color back to turf during dormancy or stress periods
- Great for sports fields, golf courses, and other locations with turfgrass
- An eco-friendly, organic dye that will not harm your turf when used properly
- Made with binders specialized for turf adhesion
- Comes with four 1-gallon jugs per case
- Recommended dilution rates: Dormant grass 16 oz. colorant with 7-9 gallons of water; Non-dormant grass 16 oz. colorant per 15-20 gallons of water.
- Available in Southwest Green, Ultradwarf Plus Black, Ultradwarf Super
